

WHY VISIT SINGAPORE?

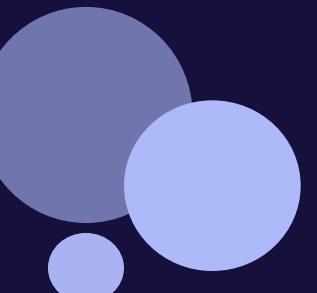

In addition to its lush vegetation, Singapore, as an island nation, is surrounded by sea. The country's shoreline includes the miles-long East Coast Park with beaches, magnificent trees, picnic and camping areas, and loads of outdoor activities. The country supports one of the world's largest shipping harbours.

Located at the tip of the Malay Peninsula, Singapore is a prosperous, renowned business hub and world class shopping destination.

Peel back its shiny exterior layer however and you will discover a fascinating multi-cultural country.

Brimming with iconic architecture, interactive museums, and charming neighborhoods, you will be lured back for a second and third visit.

Singapore's winning formula lies in its ability to marry a colonial past with a sleek, progressive future, in a manner which is both engaging and alluring for its visitors.
